What is **Education**?

- Education is nothing but studying different kinds of subjects to gain knowledge and understanding and trying to apply it in daily life.
- Education is not only gaining book knowledge but also can be learnt practically. Education doesn't mean to just go to schools and colleges daily and attend exams, it is meant for gathering knowledge and relating it to our lives.

Straightforwardly, we can say, **“education is the passage to progress”**.

Origin of **Education** Word

Types of Education

1

Formal

Formal education or formal learning usually takes place in the premises of school, where a person may learn basic, academic, or trade skills.

2

Informal

Informal education may be a parent teaching a child how to prepare a meal or ride a bicycle.

3

Non-formal

Non-formal education includes adult basic education, adult literacy education or school equivalency preparation.

Types of Education

Formal Education

- Learning in a classroom
- School grading/certification, college, and university degrees
- Planned education of different subjects having a proper syllabus acquired by attending the institution.

Informal Education

- Teaching the child some basics such as numeric characters.
- Someone learning his/her mother tongue
- A spontaneous type of learning, “if a person standing in a bank learns about opening and maintaining the account at the bank from someone.”

Non-formal Education

- Boy Scouts and Girls Guides develop some sports program such as swimming comes under the nonformal education.
- Community-based adult education courses.
- Free courses for adult education developed by some organization.
